UPCOMING Meetings

## *From the Editor*

Are you sick of the snow yet? Are you sick of the cold yet? Are you ready to move to Florida yet? Well, I am. I hope all of you are getting a chance to catch up on all your projects inside the house or for those of you working on your Chevelles, I hope your garage is heated. I have been trying to make my rounds to members houses to help them out here and there. Over the holiday break I had a chance to stop over at Larry Robinsons house and help him start on another 66 Chevelle. George Kelovski lives right around the corner from Larry, so we trucked over to his house for a quick look at his 72 Chevelle project. Then there was the Medina swap meet where I ran into Chris Olson and a few of my Chevy friends. I have been talking with Don Justice, wow did he have a bad cold, hope you are feeling better. Seems like everything I do lately is somehow affected by the cold / snow. The Marines invited Don Justice to their 1st annual Toys for Tots appreciation dinner. Don was not feeling well so he asked Gerry and myself to attend. So Patty and I met Gerry and Julie at Toms Country Place in Avon. I felt bad for Gerry and Julie because they had to drive through a bad snow storm all the way from Akron. The event was not attended very well because of the weather but it sure was special seeing all the people involved with Toys for Tots. About a dozen Marines attended the event in their dress blues. We heard many stories about how the Toys were distributed to needy families. It was also nice to meet with representatives from other groups who help this fantastic organization. We had diner with the Manager and Engineer from the Red Roof Inn in Westlake Ohio. They were great guys and we are considering organizing a cruise or somehow involving them with our Regional Chevelle Show. I hope this weather does not continue to keep us down, and I know a few of you actually enjoy and prosper from the snow. Stay warm, enjoy the Barrett Jackson Auction, the Supper Bowl, Daytona 500 and whatever "cool" thing you do in the middle of Winter. Time to Burn Rubber—
